SDS		Safety Data Sheet					
Section I Chemica	al Product and	Compa	iny Identification				
Product Name		BAM U	Jltra				
Synonyms		BAMU	Jltra-MILLED				
CAS Number		7440-44	4-0				
Active Ingredients		Pyrolyzed Cellulosic Material					
Recommended Use		Soil Stabilization, Remedial Activities					
Restrictions on Use		None					
Formulated by		ORIN Technologies, LLC					
Address		405 Investment Court, Verona, WI 53593 USA					
Emergency Phone Num	lber		5PM CST: 608-838-6699 8 AM CST, Weekends, Hol	idays: 262-821-7024

Section IV First A	id Measures							
Skin		Prolonged contact with skin may result in slight irritation/redness in sensitive individuals. Seek medical attention if persists. Wash with soap and water. Not expected to be harmful under normal conditions of use.						
Eyes		May irritate the eyes and cause watering and redness in sensitive individuals. Rinse thoroughly with plenty of water to remove foreign bodies. Seek medical attention if persists.						
Inhalation		Inhalation of dust may irritate nose, throat, and lungs. May aggravate pre-existing conditions. Remove affected person to fresh air. Seek medical attention if persists.						
Ingestion		If suffering gastrointes	stinal discomfort, treat syr	nptomatically. Do	not ingest.			
Section V Fire-Fig	ghting Measure	es						
Flammability		This product should not come into contact with naked flames.						
Means of Extinguishing		Foam, Water Spray, CO ₂ , Dry Chemical,						
Advice for Fire Fighters		Wear self-contained breathing apparatus for firefighting if necessary						
Flashpoint N	NA	Auto-Ignitio	n Temperature	ND				
UEL	NA	TDG Flamm	ability Class	ND				
LEL	NA	Hazardous C	Combustion Products	NA				
Section VI Accidental Release Measures								
Personal Precautions, Protective Equipment, Emergency Procedures		Avoid dust formation. Avoid breathing vapors, mist, or gas. For personal protection, see Section 8						
Environmental Precautions		No specific environmental precautions required.						
Methods and materials for Containment and Cleanup		Sweep up and shovel. Keep in suitable, closed containers for disposal.						
Reference for other se		For disposal, see section 13.						
Section VII Handling and Storage								
Engineering Controls		Ventilate						
Leak or Spill Procedure		Sweep up into suitable container. Prevent entry into waterways.						
Handling Procedures ar	nd Equipment	Avoid direct and prolonged contact with skin						
Storage Requirements		Store in a cool, well ventilated, dry place						
Section VIII Exposure Controls/Personal Protection								
Personal Protective Equipment Eves:		Proper dust masks should be worn if prolonged use of this product is expected. Use type N95 dust masks for nuisance levels. Use respirators and components tested and approved under appropriate government standards (NIOSH).						
Equipment	Eyes:	Use of safety glasses recommended to avoid contact with eyes (NIOSH).						
	Gloves:	Use of gloves recommended to avoid direct skin contact.						
-	al and Chemic	•						
Physical State		Solid						
Odor and Appearance		Slightly earthy odor. Brown or black solid particles						
Odor Threshold	NDA	Specific Gravity bu	Ik density varies.	Evaporation Rate	NDA			
Vapor Pressure	NDA	Vapor Density	NDA	Density	Varies			
Boiling Point	NA	Freezing Point	NDA	pH	7-9.5			
Flammability (solid, gas)	May form combustible dust concentrations in air	Explosive Properties Bar m/s	K _{st=} 32 +/- 30%	Dust Explosion Class	St 1			
Water Solubility	Not soluble	Auto Ignition Temp.	NDA	Relative Density	NDA			
Partition Coefficient	NDA	Decomposition Temp.	NDA	Viscosity	NDA			

Section X Stability and Reactivity							
Chemical Stability:	Stable	Incompatibility:		Strong acids, alkalis, and oxidizing agents.			
Conditions of Reactivity:	NA	Hazardous Decon Products:	nposition	Strong oxidizers such as ozone, liquid oxygen, chlorine, permanganate, etc. may result in rapid combustion. Avoid contact with strong acids.			
Section XI Toxicological Information							
No Data Available							
To the best of our knowledge, the chemical, physical, and toxicological properties have not been thoroughly investigated.							
Section XII Ecological Information							
No Data Available							
Section XIII Disposal Considerations							
Disposal Sweep, vacuum or shovel material into labeled container. If at all possible, reuse product. Keep out of any bodies of water.							
Section XIV Transport Information							
Shipping Information Not regulated (DOT)							
The information and recommendations set forth herein are presented in good faith and believed to be correct as of the date hereof. The information and recommendations are supplied upon the condition that the persons receiving same will make their own determination as to its suitability for their purposes prior to use. In no event will ORIN Technologies, LLC. or any of its agents be responsible for damages of any nature whatsoever resulting from the use of or reliance upon the information and recommendations. No representations or warranties, either expressed or implied, of merchantability, fitness, or a particular purpose or of any other nature are made here under with respect to information or the product to which information refers.
